

Products>>E-TypeMicromotor>>"Blue Whale"

International standard interface for E-type straight or E-type contra angle or air turbine handpiece

Longevity:

- Triple-protection preventing circuit from over-heating, over-loading, over-electric-current, Special circuitry guarantees prolonged usage
- Automatic cooling fan for continuous high speed performance

General Specifications:

Power Supply: AC 110V or 230V 50/60Hz

Fuse:2A

Weight 3.0kg

Speedrange: 5000~20000R.P.M

Blue Whale E-Type Motor:

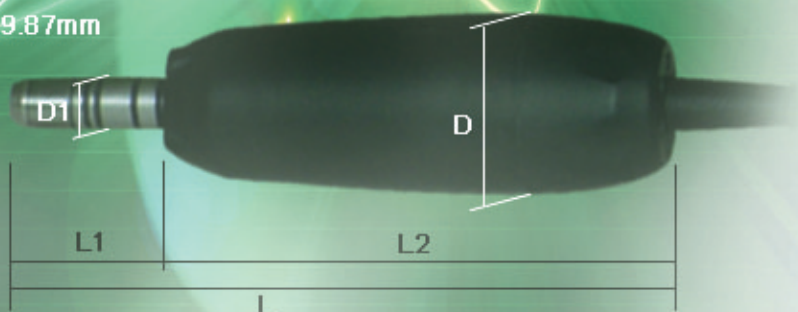

L : 123mm

L1 : 30mm

L2 : 93mm

D : 34mm

D1 : 9.87mm

Convenience:

- 110-230V supply, usable any where in the world
- Stepless speed adjustment
- Anelastic curled cord of handpiece gives great flexibility, allowing the operator to work with ease
- Motor adopts anti-friction carbon brushes (no replacement required)

System Contents:

1-Blue Whale Control unit    2-Blue Whale E-type motor    3-Foot pedal    4-Handpiece Stand

5-Power cord (optional at European plug or North American plug)
